FIRST BREEDING SEASON GUARANTEE

All bulls selling for \$3000 or more will be guaranteed against breeding injury for the first breeding season. Breeding season is defined as a 90 day period following the first turnout of bull. One hundred percent of the purchase price of the injured bull, minus a salvage value of \$1,500 will be given credit in a future Hart Angus Farms sale or a replacement bull will be provided if one is available. All injured bulls must have a veterinarian certificate of injury. We also reserve the right to a second opinion by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by October 1, 2017. This guarantee does not include mortality. If buyer desires to purchase Mortality Insurance, Hart Angus will pay for half of the premium with claim proceeds going solely to buyer. This releases Hart Angus Farms from any further guarantees in regard to animal mortality. This guarantee does not cover replacement bulls.

Offering **200** miles free delivery on bulls!
 Cost assistance for heifers and cost assistance over 200 miles.

Delivery starting March 1, or we can keep the bulls until April 30 and the buyer will be responsible for pick up. \$100 OFF PER HEAD IF YOU HAUL YOUR COWS SALE DAY.

FEB.27.2017

Monday 1:00 PM at the
 Sale Location 1 mile South of
 Frederick, SD

Selling 80 Yearling Angus Bulls
Plus a Select Group of 2016 Heifers
With Complete Performance & Ultrasound Data

General Information

HEALTH: We at Hart Angus Farms have a complete herd health program which is managed by Dr. Jim Bain of Frederick Veterinary Clinic. All bulls and heifers will be accompanied by health papers for shipment to anywhere in the United States. They have been vaccinated for Rednose, PI3, BVD, 7-way clostridial, BRSV, Haemophilus, Pasturella, Hemolytica, and Multocidia. They have had their booster shot at weaning for MLV, IBR, PI3, BVD, BRSV and Haemophilus. They have also been dewormed with Safeguard and poured with CyLence. Dams of all bulls and heifers have been tested John's free.

GENETIC DEFECTS: All bulls and heifers selling are free of all known genetic conditions monitored by the American Angus Association by test or pedigree, unless otherwise noted.

DELIVERY: FREE DELIVERY for the first 200 miles on bulls. Cost assistance for heifers and cost assistance over 200 miles. Delivery will start March 1. The buyer assumes all death and injury risk on cattle purchased.

PERFORMANCE INFORMATION: All performance information will be posted on www.hartangusfarms.com and DV Auction as soon as complete, and will be available on sale day for your inspection.

EPDS: American Angus now updates EPDs weekly. The EPDs and percentile ranking in this catalog are as of 1/15/17.

SIGHT UNSEEN PURCHASE GUARANTEE: If you cannot attend the sale and want to purchase bulls, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

ANNOUNCEMENTS: Announcements made sale day and from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale.

SALE TERMS & CONDITIONS:

- 1) All cattle will sell under the terms and conditions adopted by the American Angus Association.
- 2) We guarantee our cattle to be breeders but reserve the right to test any animal that may be returned to us as a non-breeder for one hundred eighty (180) days before making an adjustment. Cattle will be returned at the buyer's expense, and if declared a sound breeder by a competent veterinarian the cattle will be returned to the buyer's ranch at the buyer's expense. In case an adjustment is required, we will provide you with a satisfactory replacement (if available) or issue you a credit equal to the bull's purchase price minus the salvage value of \$1500.
- 3) Any death or injury after the animal is sold is at the buyer's risk.
- 4) Anyone attending this sale attends at their own risk. The Hart's or any of the sale force will not be held responsible for any personal injury while attending this sale.
- 5) Hart Angus Farms will retain 1/3 semen revenue sharing interest on all 2017 sale bulls.

Dear Friends, Fellow Cattlemen and Women,

Everyone at Hart Angus Farms would like to welcome you to our 42nd Annual Production Sale! As we reflect on the past year, we would like to say thank you to our new customers and old friends who have chosen Hart Angus genetics over the past years. 2016 was another great year for our family! In September, Alex and Tanae' Blessed us with another granddaughter, Brooklyn Ruth, who was named after our beloved Mom and Grandma, Ruth Hart. We're sure many of you recall our family Matriarch who is still dearly missed by all! Brooklyn joins her big sister Chandler, who turned two in November. In addition, Kelli's son Avery also celebrated his first birthday in November. Needless to say, the office is quite busy with three grandkids around!

Although another year has come and gone, there are some things you can always count on to stay the same. One of these is that we use the best genetics that produce the most economical traits, such as growth, fertility, calving ease maternal, and carcass. These bulls are sound and functional with great phenotype and the disposition is second to none. We again are proud to offer what we truly believe to be our best set of yearling bulls to date. Over 98% of the bulls in this year's offering are out of A.I. sires. The bulls selected for our sale represent the top 35% of our calf crop, so you can bet that they are the very best we have to offer. Sons out of some of the hottest sires in the Angus breed, such as Basin Payweight 1682, Quaker Hill Rampage 0A36, EF Commando 1366, and Plattemere Weigh Up K360 will be offered. Also, up and coming stars such as Barstow Bankroll B73 and Silveiras Conversion 3048 will have sons available for purchase.

On the other hand, it is said that with a new year comes new opportunities, and we here at Hart Angus Farms are excited to announce our first ever offering of yearling heifers in this year's production sale! We have selected an elite group of promising heifers for this inaugural event. These heifers boast prominent genetics, sound numbers, and eye appeal to boot! Two of these heifers are members of the Hart Misti 7017 cow family. Misti 7017 was a steady rock in the Hart Angus cow herd and has produced over \$146,000 in bull revenue alone. On another note, Hart Angus Farms is proud to announce the addition of Barstow Queen W16 to our lineup. You may not know the cow, but you might have herd of her progeny; Barstow Cash. We are excited about the potential she brings to the table and believe that she will complement the Misti 7017 cow family.

One last change we would like to note for this year's sale offering is our First Breeding Season Guarantee as explained on the information page. At Hart Angus Farms we believe in assuring our customers that they will have the satisfaction and peace of mind that they will not be "left out in the cold" when it comes to breeding their cattle. Our customers have been loyal to our genetics over the years, and we would like to reward that loyalty with our new expanded coverage of injury and infertility for the first breeding season. Please take a second to read through the guarantee and don't be afraid to contact us with questions!

As always, we would like for you to join us for a lunch before our sale at 11:30 am, with the video sale starting at 1:00 pm. You may come to view our sale offering any time before sale day, as visitors are always welcome at Hart Angus Farms! The bulls and heifers will be penned for viewing on both Saturday the 25th and Sunday the 26th, as well as sale day. We look forward to greeting old friends and making new ones! With that being said, we hope to see you all on the 27th, and if you are unable to make the sale, please join us on DVAuction!

Sincerely,
The Harts
Brad, Shawn, Kelli & Avery
Alex, Tanae', Chandler & Brooklyn

Brooklyn Ruth, the newest addition to the Hart Angus crew

Brad, Shawn, Kelli holding Avery, Alex holding Chandler, and Tanae

Dear Angus Friends,

It is again our pleasure to work with Brad and Alex Hart in the preparation of their 2017 sale catalog. As always, this offering is packed with genetic potential to bend the growth curve. This program has consistently stayed on the forefront of the industry by acquiring elite herd sires that not only walk these pastures but also the bull runs at leading AI studs. Whether talking about the more recent acquisitions like Hilltop Open Range 2279 and Barstow Bankroll B73 or historic attainments such as Connealy Kingdom and Connealy Prototype, Brad Hart has used all of his available resources, financial and intellectual, to meet the genetic demands of an ever-evolving beef industry.

Note that this year's offering has been i50K evaluated from top to bottom adding as much EPD accuracy as about 20 reported progeny. The inclusion of dam's production and sales information along with individual performance and a three-generation pedigree give the perspective buyer the very most in selection tools to make informed buying decisions.

I would like to congratulate the Hart family on another successful calf crop and encourage your continued patronage of their aggressive breeding program.

- Sons sell as Lots 60 and 61. VAR Index 3282 was the \$100,000 1/2 interest top-selling bull of the 2014 Vintage Angus sale. He is an astounding carcass trait sire with MB and RE EPDs over 1.0 and a sub-zero Fat. No bull in the current sire summary can match his combination of CED, BW, Marb, RE, \$W and \$B. His dam is the \$440,000 valued Vintage and Herbster donor with over \$1.5 million in progeny sales. Featured in Accelerated Genetics.

- Dam's Production: NR 1@100.
- This high performing heifer comes with great sacrifice straight out of the Hart Angus Farms embryo transplant program. Her Pathfinder® grandam, Hart Misti 7017 has amassed over \$146,000 in direct progeny sales receipts. This is the first opportunity however to purchase a female from this cow line.
- Her grandam, Hart Misti 7017 has earned Pathfinder® status with natural progeny ratios of BR 5@97, NR 5@110 and YR 5@106. Her 39 ultrasound progeny record an average IMF ratio 107, RE ratio 101, Fat ratio 98 and Rump fat ratio 97.
- She ranks in the elite top 1% for WW EPD, YW EPD, \$W and \$B.
